about us

We are in the family business of stone quarrying since 1986. Quality extraction from quarry excavation started in 2010. Raw B/O CK5 is being sent to factory for processing further. In 2010, our production was 3,60,000 per annum.

Now it is 12,00,000 per annum. We are associated with the best of the residential projects in India for the supply of stone ware.
